There's a Memory

Jimmy Wayne

You don't have to say it baby
I can tell that you're lookin'
Lookin' for something good to happen
Just to get your world movin' againIf you knew what I was thinkin'
You'd see it's all about to turn around
That old truck's got plenty of gasoline
Go grab a few things that you might need, 'causeOut there somewhere's a memory
Waiting on you and me
Some kinda wild and free, crazy moment
That we'll neer forget, I swearGirl, it's been a long time comin'
Climb on in, got the engine runnin'
Baby, way out there, somewhere there's a memory
There's a memoryWe could find a hundred reasons
That could keep us from goin'
But how 'bout we take every single one
And just throw 'em all to the wind?Turn that porch light on, I'll lock the door
Let's go find what we're lookin' forOut there somewhere's a memory
Waiting on you and me
Some kinda wild and free, crazy moment
That we'll neer forget, I swearGirl, it's been a long time comin'
Climb on in, got the engine runnin'
Baby, way out there, somewhere there's a memory
There's a memory, ooh yeahOut there somewhere's a memory
Waiting on you and me
Some kinda wild and free, crazy moment
That we'll neer forget, I swearGirl, it's been a long time comin'
Climb on in, got the engine runnin'
Baby, way out there, somewhere there's a memory
There's a memoryThere's a memory
There's a memory
