

# Blood of Heroes

## Mors Principium Est

Walking stiff let me tell ya  
Better left for dead  
And now we are on a mission  
Well it's full speed ahead  
My legion's when we do the crime  
Let's get one thing straight  
To get there early is on time  
And showing up on time is late Ladies and gents, we're still alive  
By the skin of our teeth, now it's killing time  
Angel in our pocket, devil by our side  
We ain't going nowhere "cause heroes never die Still alive  
Blood of heroes  
Never die  
They never die  
Still alive  
Blood of heroes  
Never die  
They never die We've been run down every hill  
Chased up all the dead end streets  
But if you try to cut us out  
You'll get a kick in the teeth Ladies and gents, we're still alive  
By the skin of our teeth, now it's killing time  
Fasten up your head belts,  
Time to ride the skies  
It's time to be immortal, "cause heroes never die
