

Turn it On

Lindsey Buckingham

Now, someone has left you alone

Somehow you will carry on

You are the man

Do what you can

Just go out and turn it on You can fight, you can pray, you can reach for the sky

You can heal someone's soul, you don't even know why

Turn it on Now, someone is dead and gone

The hurt that you feel makes you strong

Time is allowed

Make him proud

Just go out and turn it on You can love, you can hate, you can laugh, you can cry

You can run for your life, you can live, you can die

Turn it on
