

Shut up and Fuck

Betty Blowtorch

Baby, baby standing at the bar
You saw me wanking my bass guitar
Baby, baby get on your knees
Cause I want you to worship me
I don't care who you are
I just want to fuck in your car Shut up and fuck
Shut up and fuck Some people might called me a slut
What can I say, I wanna bust a nut
I strap on my biggest dildo
It makes me hot when you're screaming "no"
I don't wanna know your name
I just wanna fuckin get laid Shut up and fuck
Shut up and fuck I don't want conversation
I just want penis penetration
I don't want you to be mine
I just wanna sixty-nine Shut up and fuck
Shut up and fuck
Shut up and fuck
Shut up and fuck Whatcha gonna do tonight?
Shut up and fuck
