Penny

Snowmine

You took my penny and you dropped it down your well.
You thought it'd be your luck, but it let you down again.
And I blame you.
I blame you.

You took my hand and you led me off a cliff.
I thought that I could trust, but you let me down again.
And I blame you.
I blame you.

Love please stay, just for a minute.
I know there's something that you didn't notice.
I know you can't stay just for a minute,
Cuz you're not that type.

You took my penny and you dropped it down your well.
You thought it was your luck, but it let you down again.
And I blame you.
I blame you.

Love please stay, just for a minute.
I know there's something that you didn't notice.
I know you can't stay just for a minute,
Cuz you're not that type.

I've said time and time again
That I'd make you run away,
But I want you.
I need you.

Love please stay, just for a minute.
I know there's something that you didn't notice.
I know you can't stay just for a minute,
Cuz you're not that type. (2X)
