Torche

Seeing you on the wall in my room,
it's so close to how I want
I never found the same as you
Listen you in my house on though
you're so gentle I try
I lie you lie
My friends told me stories of you
driving wizards up and down
I never seen the same again
In vain, like it was yours
far away, like you never meant to say,
I've got to stay
I can see a worlds
I can see the worlds
that belong to you

I don't need those words
I don't need those words say Sonic Youth...
Take me in, in such way
take it all until the grace
don't know why
don't know why
don't know why
don't know why
Seeing you on the wall in my room,
it's so close to how I want
I never found... I never found... I never found...
