

Casa Nova

Mia Doi Todd

I can fall in love again
I can feel the curse you cast is over
No more, no more Casa Nova
Hip hip hurray, oh HallelujahI havent changed much in these ten years
I hit my head up against the wall
Of my same ol fears, my same ol fears
My same ol tears, Im breaking mirrorsI know myself again
I remember what is good about me
If I let it out of hidingMy enemy, proven to keep me down
Love as a memory of kindness
And cruelty and cruelty
And honesty and true beauty
