Better Wise Up

Kenna

Yeah, I'm out there on a tightrope
Yeah, I'm out there bravin' it all
Yeah, I'm out there caught out there
In the wind I hearYou better wise upSo I'm out there cuttin' it up
(I'm cuttin' it up)
All the while just gettin' me up
(Just gettin' me down)
Yeah, I'm out there caught out there
In the wind I hearYou better wise up
You better wise up
Wise up
(Wise up)You better wise up
(I'm cuttin' it up)
You better wise up
(I'm gettin' cut up)
Wise up
(Wise up)
(Just gettin' cold out there)Change, change, change your faith
Change, change your faith
Go make your bed and live in itChange, change, change your faith
Change, change your faith
Go make your bed and live in itChange, change, change your faith
Change, change your ways
Go make your bed and live in itYou better wise up
You better wise up
You better wise up
You better wise upWise up
Wise up
