Leech

Jimmie's Chicken Shack

A...S...Stake a look at me now
take whatever you think u need
ahh, ahh, ahh
skin is turning to scar from the blood that you make me bleed
ahh, ahh, ahh
there is one thing in life that you will never take from mecause i'm alive in a world
that you don't see
i don't care what you think
i'm suppose to be
all the good things in time
they come by me
take a look at me now
and you can watch me bleedsink your hooks in me now hope you get what you think you need
ahh, ahh, ahh
living off of the life and the blood that you take from me
ahh, ahh, ahh
never felt so alive , you'll survive, so i'll cut you freecause i'm alive in a world
that you don't see
i don't care what you think
i'm suppose to be
all the good things in time
they come by me
take a look at me now
and you can watch me bleedA...S...Shangin' in
on me
like a leech
torn free
if it's got soul you will suck it out
you is all you give a fuck about
draining me so low
i know why you feed, 'cause you're so hollow
with every breath take another bite
which you need to take to get a feeling right
with no regrettake a look me now, can take a look me now
can't take a look me now, can take a look me now
can't take a look me now, can take a look me now
can't take a look me now, can take a look me now
can't take a look me now, bleed me, she leech
take a look at me, bleed me, she leech

take a look at me, bleed me, she leech
take a look at me, bleed me, she leech
can't take a look at meA...S...S
