Becker

Autolux

You have grown so much and now you're breaking
Every time you're laughing, it's like you're shaking
Something far outside of us connected
But they don't see collision
Left me bruised and hopingSo easy
Your tracks make no sound
No matter what you see
You have to get back to being foundI felt alive like a convict out of Becker
Free beneath the gray's teeth
Flipping in the rain fallSometimes part of me wakes up collected
Forgetting what's expected of me
I walk right through a bad seamSo easy
To turn the world down
No matter what you dream
You have to get back to being foundThat's delirium's way
You know it seems so right
All the entertainment they spray
Atrocities contrite
It brings you back again
It finds you every time
The blackest quote they spit into the tin can of your mindIt's so easy
To turn the world down
No matter what you dreamIt's so easy
Your tracks make no sound
No matter what you see
You have to get back to being foundIt's always gonna blow your mind
It's always gonna blow your mind
It's always gonna blow her mind
It's always gonna blow your mind
