Outline Of A Love

Run Kid Run

Already I'm too far behind
To make this up to you
Apologies will never doYou were too young
The times not right
Things did not seem on our side
We did what felt right
(For us to carry on)Come what may we'll see this through
To give up on this love I found in you
I cannot doSummer crush turned into love
Take my hand, we'll ride above
All the things that might face usYou're my best friend
Words can't comprehend
The outline of a love
That strongly holds us up
(For us to carry on)Come what may we'll see this through
To give up on this love I found in you
I cannot doSome may say it's all the same
Yet promises have brought me here in faith
Growing stronger everyday
And with that we can face anythingCome what may we'll see this through
To give up on this love I found in you
Come what may we'll see this through
Come what may we'll see this
Come what may we'll see this throughTo give up on this love I found in you
To give up on this love I found in you
(I cannot do)To give up on this love I found in you
(I cannot do)
To give up on this love I found in you
(I cannot do)To give up on this love I found in you
(I cannot do)
To give up on this love I found in you
(I cannot do)To give up on this love I found in you
(I cannot do)
To give up on this love I found in you
(I cannot do)To give up on this love I found in you
(I cannot do)
To give up on this love I found in you
(I cannot do)To give up on this love I found in you
(I cannot do)

To give up on this love I found in you
