Love Work Out

Crosby & Nash

Gotta make a love work out
Before you get, you got to give
Gotta make a love work out
Before you die, you got to liveIf that's what it's all about
Then there's nothing standing in my way
I'm telling you
All I've got to be on my wayI used to keep on trying from day to day
To keep from dying and fading away
It seems like a strange thing for me to say
But I'm so tired of looking the other wayLove work out, yeah, you gotta make a love work out
There's no use hiding behind the clouds
Yeah, you gotta make a love work out
I dare you to scream it right out loudIf that's what it's all about
Then there's nothing standing in your way
I'm telling you
All you've got to be on your wayI used to keep on trying from day to day
To keep from dying and fading away
It seems like a strange thing for me to say
But I'm so tired of looking back the other way
So love work out, ooh
