Skull

Lou Barlow

There is history in this place
There are dragons to be chased
And though I don't know who you are
An easy flow and a strong, a strong heart
And the charm in the way you hide
Gently take my skull for a ride
And I don't know who you are
But I know what I would like you to be
A one-night stand under stoned persuasion
But a joy that I can't hide
Gently take my skull for a ride
We can never ever go too far
The pain we can't escape at least will wait
So let's go quickly, no we go slow
Let's go chasing dragons through the snow
Kindly take my all
And give me all you have
Gently take my skull for a ride
Take and shake your soul
But never lose control
Gently take your skull for a ride
