

# Would Not Be Seen Dead In Heaven

## Witchfynde

Well there's one place that I don't wanna go,  
And even if I went there,  
There'd be nobody that I know,  
No, I can't see myself with halo & wings,  
I wanna go below where they do horny things, You know, I would not be seen dead in heaven,  
You know, I would not be seen there at all,  
You know, I would not be seen dead in heaven,  
You know, I would not be seen there at all,  
Not a chance, no way, no how,  
If heaven's so great, then why don't you go,  
I'd rather fry, than be part of your show,  
I'm not a little angel I never will be,  
I'm not a little devil, not yet, but I could be, [Repeat chorus]  
Up there chasing pretty angels, is just no go,  
Instead of arrows I'd rather shoot my cocoa,  
Don't wanna join their choir, I wouldn't get far,  
I'll form a helluva band, and play lead guitar, [Repeat chorus]
