Stay Strong

Myka Nyne

we've been here a long enough time
to know hate rains down from time to time
but our love is like an umbrella
under which you can stand with me if you like
i'll protect you from the storm
all you gotta do is come on home
cos they don't wanna see us happy
so they try to break us apart
they don't understand it
don't know what love is
don't they know you have my heart?
ain't no how (ain't no how), ain't no way (ain't no way)
no matter what they say i ain't gone change
baby i'm right here (i'm right here), it's ok (it's ok)
we'll find a way to make it don't be afraid
(all you gotta do)
just hold on to me, hold on to me

hold on to me, hold on to me
baby hold on tight
we'll make it through the night
hold on to me, hold on to me
hold on to me, hold on to me
storm could only last so long
we just gotta stay strong
hold on
we've been there, here before
truthfully we'll be here some more
i hear them whisper, watch them stare
but i don't care as long as you're near
they don't wanna see us happy
so they try to break us apart
they don't understand it
don't know what love is
don't they know you have my heart?
