

Black Magic

Slayer

Cursed black magic nights
We've been struck down
Down in this hell
Spells surround me day and night
Stricken by the force of evil light
Force of evil light
Cast under his spell
Blinding my eyes
Twisting my mind
Fight to resist the evil inside
Captive of a force of Satan's might
The force of Satan's might
Fighting the curse
Break it I must
Laughing in sorrow, crying in lust
My strength slips fast
Soon I must fall, victim of fortune
My sources grow small
Life slips away
As demons come forth
Death takes my hand and captures my soul
