

# The Sacred Souls

## Burning Image

Please don't cry, that's not the way I want to go  
I did the best that I could  
The sacred souls of the reluctant few  
Wander the world like they should  
You said my life was so different  
You said you loved me for me  
You said I was one in a million  
Isn't that what you believe?  
Don't think you have to say something  
I don't expect that of you  
You are just like all the others  
Nothing that speaks of the truth  
Well, the streets don't shine like I was led to believe  
How could you do this to me?  
You serve up your swill when it's time to feed  
You say it's the way it will be  
You said my life was so different  
You said you loved me for me  
You said I was one in a million  
Isn't that what you believe?  
Don't think you have to say something  
I don't expect that of you  
You are just like all the other  
Nothing that speaks of the truth
