Ladyboy

Rupaul

Lady boy, lady boy
Lady boy, lady boy
This groove is for my girls, little lady boys and girls
This groove is for my girls, little lady boys and girls
This groove is for my girls, little lady boys and girls
This groove is for my lady boys, lady boys and girls
This groove is for my girls, little lady boys and girls
Nobody rocks like the girls I'm running with
Sitting on a secret and everybody's in on it
Some girls talk to the boys in the chat room
My girls talk to the boys in the back room
Hit me up, I'm that chick you know
That my world won't stop if you clock me
You got me oh oh oh oh oh
You got me going oh oh oh oh
(T-girl lover)
This groove is for my girls, little lady boys and girls
This groove is for my lady boy la-lady boys and girls
This groove is for my girls, little lady boys and girls
Little lady lady boy lady lady boy girls
One more shot I gotta 'nother boogie in me
Gotta move my feet cause the beat don't intimidate me

If you wanna dance I'm the girl with something extra
If you wanna dance you better put it on me mister
Hit me up, I'm that chick you know
That my world won't stop if you clock me
You got me oh oh oh oh oh
You got me going oh oh oh oh
(T-girl lover)
This groove is for my girls, little lady boys and girls
This groove is for my lady boy la-lady boys and girls
This groove is for my girls, little lady boys and girls
Little lady lady boy lady
Lady boys be shaking like they haven't got room
The t-girls make their ass go bumpity boom
Shake to the left and then they bump it to the front
Baby's on the ceiling 'cause this party's so crunk
This groove is for my girls, little lady boys and girls

This groove is for my girls, little lady boys and girls
This groove is for my girls, little lady boys and girls
This groove is for my girls, little lady boys and girls
This groove is for my lady boy la-lady boys and girls
This groove is for my girls, little lady boys and girls
Little lady lady boy lady boy
