

Yes Or No

The Go-Go's

Go Gos

Talk Show

Yes Or No

(Jane Wiedlin/Ron Mael/Russell Mael) You're alone and I am too

You're my idea of a pretty view

You can move or so it seems

I bet we'd make a decent team I'm not asking for all your time

A song or two would suit me fine

I'm not asking for you to say

that you'll be with me all the way

Shut your mind off for a while

Concentrate on the latest style

And everything's alright Yes or no

I'll take it fast or slow

I'll make it easy for you to decide

Yes or no

You've got to let it go

Just take a stance

Either dance or tell me no

If you've got somewhere to be

If you've got someone besides me

Let me know don't put me on

If it's not right then I'll be gone All those dancers can't be wrong

All those answers'd take too long

So tell me tell me now
