

Gotta Let Me Know

Breakestra

Oh yeh...alright yeh... gotta work it on out now .. are you ready
Just wanna know, if you got room in your heart...
I gotta find out now.. before I get caught up too far
It?s gotta feel right.. unless it?s just gonna be one night
You gotta let me know now yeh.. but to me it might feel alright alright
I just gotta know.. yeh yeh

Don?t want to rush ya baby... and I don?t want to see you go
Ya know that I got no choice... but to move with what I know
The time is right... right..gotta know I?m right on time
To find out if your living love is ready to be mine alright
Yeh, I just gotta know
I just gotta know now
Can?t wait no longer... yeh can?t get no stronger no

Don?t matter if it?s day, don?t matter if it?s night
If you ready for my love... Make sure that you got it right right
It don?t matter if it rains, don?t matter if it shines
do you really got a love... or just a lie

I wanna see how...yeh... much you got to give.. gotta let you know now now... give a love one chance to live
It?s gotta feel right...right..tryin? ta find out what it?s like
Just wanna know know know.. if you want more than a night alright yeh
Hey... I just gotta know know know ...alright
I just gotta know yeh yeh yeh ...I gotta know ...really gotta show.. yeh...oh yeh
Alright now...oh no no no no.. Talking about a real love
Ain?t it alright right right???
You just gotta try try try try yeh...oh yeh
