No Redemption

Combichrist

Your body might be borrowed.
But your spirit can not be saved.It's the end of the line.
End of the line.Standing clear of the world we had thought to know.
What we know is a lie so it's all we are told.
A world of rot is a world we can learn to control.
It's the end of your kind.
It's the end of the line.Your spirit's own fire.
Feed the flame.
