

Lady Liberty

Smokey River Boys

Out there alone, I see a perfect lady
Standing for freedom's liberty
O, the stories you could tell
O, the men you loved so well
With outstretched arms they all believe in Lady Liberty
Lady Liberty, those pretty eyes are still on me
Lady Liberty loves so free
Lady Liberty, o the beauty that I see
In a world that's free as Lady Liberty
Take me back just one more time
To all the memories that are mine
Of loving you and feeling free inside
There are men who'd die to hold you
Give their life to just behold you
Just to have a chance to see Lady Liberty
Lady Liberty, those pretty eyes are still on me
Lady Liberty loves so free
Lady Liberty, o the beauty that I see
In a world that's free as Lady Liberty
Lady Liberty, those pretty eyes are still on me
Lady Liberty loves so free
Lady Liberty, o the beauty that I see
In a world that's free as Lady Liberty
