

# Replace Me

## Clusterfuck

My Batteries died sometime ago (wuh oh oh oh oh oh oh oh)  
I Gotta heart shaped box where they must go (wuh oh oh oh oh oh oh)  
Corrosion's building everyday

My flesh is leading me astray that's why I started to decay and I will slowly rot away but I can't feel that  
anywayThis heart it wants to beat  
These Lungs they want to breathe  
These eyes they want to see  
Gotta Mouth that wants to singDesperation  
    Need You  
    Every last breath  
    I scream for You

Shatter me into a million pieces...Make me newCrush me, tear me, break me, mold me  
    Make me what You want me to be  
    I am Your's for You to use

so, Take and Replace me with YouNeed more than just a jump start to get me through  
    My disconnection is now the issue.....(rap)

I miss my First Love bad and its driving me mad  
Just Like a mixed up crazy person out of his head  
Its been a long long time I've been on the decline

I do an a-bout face so I can be replaced. 180!!!This heart it wants to beat  
    These Lungs they want to breathe  
    These eyes they want to see  
Gotta Mouth that wants to sing(des, des, des) Desperation  
    Need You  
    Every last breath  
    I scream for You

Shatter me into a million pieces...Make me newCrush me, tear me, break me, mold me  
    Make me what You want me to be  
    I am Your's for You to use

so, Take and Replace me with YouOne for the body  
    Two for the soul  
    Three to get ready

Now go go goReplace me with You!!!  
(replace me with You!)Desperation  
    Need You  
    Every last breath  
I ssscream...Desperation  
    Need You  
    Every last breath

I scream for You

Shatter me into a million pieces...Make me newCrush me, tear me, break me, mold me

Make me what You want me to be

I am Your's for You to use

so, Take and Replace me with You
