Ordinaire

sElf

if there's a nowhere, you want to go there
if there's no one, you want to know them
if there's nothing, it equals something
which is still nothing and there's no point to thati see, your lips are moving but you can't speakdon't waste breath trying to scream it aloud
you've got far more to worry about
can't dismiss it, it's nothing
you're an ordinare in modern times
ordinare, you can't hide
ordinare, You can't hide it away
if we're concious then i'm breathless
do you sleep well
i'm always restless
are you all right
i'm always uptight
which is constantly and there's not point to mei see your mouth is moving aroundwake up late, try to get with the times
there's none left to rehearse all your lines
can't dismiss it as anything
you're an ordinare in modern times
ordinare, you can't hide
ordinare in modern times
ordinare, you can't hide it away
don't waste breath trying to scream it out
you've got far more to worry about
can't dismiss it, it's nothing
you're an ordinare in modern times
ordinare, you can't hide
ordinare, in modern times
ordinare, you can't hide it away
