Virtual Brutality

Pretty Maids

Hit without a warning
Comin like a diverbomb
As the twins are falling
Strike upon the PengatonCan't believe my eyes
Staring at the T.V. screen
It's gonna be a lie
Murder in extreem
Like a horror movie sceneVirtual brutality
Right in your face
In the heart of the nation
Virtual Brutality
This is no nightmare
It's happening right here and nowSuicidal pilots
Die a matyr for their cause
Sowing fear inside us
And nevermind the human lossEvil never sleeps
The devil always finds his way
Panic on repeat
Hell on earth today
Terror on display[Chorus]Wake up to a new reality
Is it ever gonna be the same again
Penetrated our fragility
And stole away the lives of innocents
What happened to the world we knew so Well
How do we restore ourselves
I guess the winds of time will tellThere will be justice
Togeteher we'll be strong
All for one[Chorus]
