Put your finger in the air if you the one girl
Put your finger in the air if you the oneSee when we ride through
We let them see it from the side view
Slow and even so you know no one denied you
The parking lot look like these niggaz like to ride too
They didn't win but I must admit they tried toLook like we talked up, when we walked up
And when we walked in, money talk then
The bar was bought then, we couldn't be caught then
I see you looking lil' girl, let's go get lost thenEvery so often out on and off them
(I wanna go shit and you know this)
Well, is there anyone else that you could go with?
Cool run it back okay, see if she'll play wit PhaYou the one girl, you the one girl
You the one girl, you the one girl
Put your finger in the air if you the one girl
Put your finger in the air if you the one'Cuz you the one girl, you the one girl
You the one girl, you the one girl
Put your finger in the air if you the one girl'Bout ten mo' minutes and I'm ready to ride
I got ten mo' bitches, I'ma fit up inside
This Suburban or Excursion or whatever I ride
I bet it's chrome on the wire, vogue on the tireT.I.P. refer to me as your majesty or sire
Higher then the rest, Italian drop dead fresh
So much say what I feel with southern finesse
So debonair if he dare, bet he got best dressedFull length mink, gator belt, gator vest
Including shoes, a ten thousand dollar outfit bitch
Yes dude, he dress to impress
A bitch enough to make her want to give me her dressBlessed with the gift of gab to get gals

Hot enough to hit they pals, so get down
You looking good enough to come give me a kiss now
Get a room at the Swiss big as a beach houseYou the one girl, you the one girl
You the one girl, you the one girl
Put your finger in the air if you the one girl
Put your finger in the air if you the one'Cuz you the one girl, you the one girl
You the one girl, you the one girl
Put your finger in the air if you the one girl
Put your finger in the air if you the oneYou're lookin nice
Hell, let's toast to the broken ice
We've seen each other once and already we've spoken twice
So stay or at the most a moment longer to hear me say
I really did miss you the last time that you went awayI'm serious, I must have you, I won't waste your time
And have you wishin' that somehow you could replace the time
I don't do any magic tricks to try and make the mind
I just convinced that the reality is that you have to race the timeShe said, "You a playa ain't you, could have what you want, can't you?"
I replied that, I'm also an artist baby, I could paint you
In the frame and I don't try hard to not be the same
So she knew she was gon' come before she cameYou the one girl, you the one girl
You the one girl, you the one girl
Put your finger in the air if you the one girl
Put your finger in the air if you the one'Cuz you the one girl, you the one girl
You the one girl, you the one girl
Put your finger in the air if you the one girl
(Girl, did you know that ahh?)It's a privilege to have had this conversation
It's a privilege and to have had this relation
It's a privilege, I been searching all evening
For somebody who can finally send me the oneIt's a privilege to have made you laugh
It's a privilege and to have crossed your path
It's a privilege, you're the star, yes you are
Can have your autograph 'cuz you lookin' like the oneIt's a privilege to have seen your face
It's a privilege and I bet you taste so good
It's a privilege, let's get one thing understood
I'll be good, yes I would, especially for the oneIt's a privilege, let have a head on collision
It's a privilege, girl you made the right decision
It's a privilege
