

# God Bless America Again

[Bobby Bare](#)

God bless America again.

You must know the trouble that she's in.

Wash her pretty face, dry her eyes and then

God bless America again.Narration:

You know I wish God would bless America again

Like he did way back there when it all began.

He blessed her then, and we sort of took it for granted

And didn't ask again

So lets just kinda' hold her hand now that's all

In case she stumbles, lets don't let her fall

God bless America again.

You must know the trouble that she's in.

Wash her pretty face, dry her eyes and then

God bless America again.Narration:

I don't understand everything I read and hear

About what's wrong with America.

When you don't have a lot of book learnin'

There's many things you don't understand

But I know this much, she's like a mother to me

And I love her with all my heart

And let me tell you this Sir, everything I am

Or ever hope to be, I owe to her.

God bless America again.

You must know the trouble that she's in.

Wash her pretty face, dry her eyes and then

God bless America again.Oh yes God bless America again...
