

Strong All Along

311

Advisory - the following lyrics contain explicit language:

Feel the bass knives pass your flesh, enter your bone
Solitude in your dance floor rhythm zone
Let your body go, just don't follow the letter
Do what you feel the more absurd the better Don't be afraid whatever you got, show
Flaunt your personality, let me know your style
You could make a mean hand out of what you been dealt
311 on wax, wax on felt Feelin' real great 'cuz the weather is mild
So you re-evaluate your personal style
What makes you laugh, stand apart
Makes you feel good what's in your heart? Feelin' real great cuz the weather is mild
So you check us out on tour 'cuz you're likin' the style
Drums, the bass, the master plan
Nice guitars, the mics in our hands Stong all along, strong all along
Come to find out the arm of the truth is long
I'll break it down for you like this for the hard of listening
You think you're taking the cake but what's left icing To every foundation and every crew
Got the medium here's what we're gonna do
Sendin' out props straight from us to you
To every foundation and every crew From the Malibu shores to the Brooklyn zoo
We've got the medium here's what we're gonna do?
You wanna touch us, we wanna touch you too
Givin' respect to those who keepin' it true If you are real of a replica
If your steez be like Akira
Wild ass Sioux or the Cippewa
Your tribes Pawnee or the Omaha You can touch me with your fresh aura
'Cuz your energy be phenomena
Now move the people and then voila
Take on the love and the good karma Come on, stong all along, strong all along
Come to find out the arm of the truth is long
I'll break it down for you like this for the hard of listening
You think you're taking the cake but what's left icing Feelin' real great 'cuz the weather is mild
So you reevulate your personal style

What makes you laugh stand apart
Makes you feel good what's in your heart? To every foundation and every crew
We've got the medium here's what we're gonna do
Sendin' out props straight from us to you
To every foundation and every crew Strong all along, strong all along
Come to find out the arm of the truth is long
I'll break it down for you like this for the hard of listening
You think you're taking the cake but what's left icing
