

# I'm Ready

## Sons Of Zion

(Chorus)

Are you ready to love me?

I'm ready to love you,

I'm down on my knees babe

it's all or nothin' yeah

If you're wanting for me yeah

then I'm wanting for you baby

Tell me if you're ready to love me,

I'm ready to love you I'm ready yeah, I'm ready to love you (x2)(Verse)

She's the one

She give me lovin' each morning,

keep me up just like the sun yeah.

I wanna settle down, build a family and home cuz

So many search for a catch, never find it.

You and me spark like a match, ever lighted

Oh when I need you everyday

Don't want it any other way cuz There's no other girl I can share my world with

Far more precious than diamonds and pearls, yeah

Don't wanna wait another minute baby

So tell me..(Chorus)

Are you ready to love me?

I'm ready to love you,

I'm down on my knees babe

it's all or nothin' yeah

If you're wanting for me yeah

then I'm wanting for you baby

Tell me if you're ready to love me,

I'm ready to love you I'm ready yeah I'm ready to love you.

(Tell me are you ready, tell me are you ready yeah...)

I'm ready yeah I'm ready to love you.

(I'm down on my knees, its all about me yeah...)

I'm ready yeah I'm ready to love you.

(Tell me are you ready, tell me are you ready yeah...)

I'm ready yeah I'm ready to love you(Verse)

She's a smoking gun

Pull the trigger two times shots fired now that life is done yeah

Just wanna stay home and chill with you everyday cuz

You'll never want for a thing, I'll provide it.

You and me set concrete no divide it.

Bulletproof runs deep no denying  
So I'm telling you(Hook)  
There's no other girl I can share my world with  
Far more precious than diamonds and pearls, yeah  
Don't wanna wait another minute baby  
So tell me..(Chorus)  
Are you ready to love me?  
I'm ready to love you,  
I'm down on my knees babe  
it's all or nothin' yeah  
If you're wanting for me yeah  
then I'm wanting for you baby  
Tell me if you're ready to love me,  
I'm ready to love you I'm ready yeah I'm ready to love you.  
(Tell me are you ready, tell me are you ready yeah...)  
I'm ready yeah I'm ready to love you.  
(I'm down on my knees, its all about me yeah...)
