Nightbird

Kalapana

fly on through the night wind take a star to her for me
please wisper i love her make her wait for me
here it seems so cold now how i wish her arms around me
soar nightbird of love tell her wait for mecause you have wings you know i let you go
almost every night
but lonliness can dull the shine
of even the bright moon lightnight bird fly on, fly on
night bird, sing her my songoh before you leave take this band of gold with you
and if you can find her tell her i am truecause you have wings you know i let you go
almost every night
but lonliness can dull the shine
of even the bright moon lightnight bird fly on, fly on
night bird sing her my song
