

# Mongo Push

## Dirty Heads

I took my sixteen bars to outer space so check my universe  
I'm a spell what the hell man taste a little curse  
I'm a word smith, you need a firm grip to rap your head around my shit  
Kill the joint and get a burnt lip  
See through tie dye L-S-D eyes got me in some trouble seeing double  
Take a breather while the cloud bubbles  
OK, I've caught my breath my lungs just need a rest  
Excuse me I digress, I need to get something off my chest  
I'm an emcee just a little differently dressed  
So if you really want us, better check your orthodontist  
I'm chattering your teeth kid, just trying to be honest  
Better take it from me said I spit so much heat, it put a chip in my teeth  
I got some different beliefs you sick of sounding antique  
Well write a rhyme to this beat  
It's like you're stuck up in the sixties flower child when I peace

I said you look at me the wrong way and I say OK  
It doesn't bother me I wrap my head around the kush  
You're taking it the wrong way and I say OK, you're off on the wrong foot  
We call it mongo push  
You started off on the wrong foot,  
We call it mongo pushin'

The dirty heads have got you jumping out your seats  
Dirty J and Duddy B don't hit the field without the cleats  
And with a little touch of Rome you're back at home  
You mix the three it's ecstasy you see I swear I'm never wrong  
And everybody wants a hook and wants a beat  
But I just got off the bus, I'm overdosing on the summer heat.  
I like the finer things like smoking on the finer weed  
I'm sipping on the stuff that makes me feel better than complete.  
One hundred and ten percent is what I give the game,  
Give me a year or two and your boy will be a household name.  
Bust in the scene I'm swinging up home runs  
And now I'm breaking hearts and writing records  
All good, all fun

I said you look at me the wrong way and I say OK  
It doesn't bother me I wrap my head around the kush

You're taking it the wrong way and I say OK  
You're off on the wrong foot, we call it mongo push  
You started off on the wrong foot  
We call it mongo push

Exactly where I want to be  
Floating high on energy  
Drifting through the galaxy  
Death to those who challenge me  
I am not the enemy  
I am my own entity  
I grow exponentially  
Deepest roots, redwood tree  
Count my rings infinity  
I was here before B-C  
Earth's my home for now it seems  
But Mars is in my destiny  
I'm just floating high on steam  
I'll come down eventually  
Just to get some Listerine  
'Cause verbally I'm disgusting  
Future bright, diamond ring  
Shoes and hat always clean  
So far from reality I live my life like it's a dream  
Watch me fly endlessly  
Faster than a laser beam  
If you do not clap for me  
Probably 'cause you amputee

You look at me the wrong way and I say OK  
It doesn't bother me I wrap my head around the kush  
You're taking it the wrong way and I say OK  
You're off on the wrong foot  
We call it mongo push  
You started off on the wrong foot  
We call it mongo pushin'
