

Ak Da Hoe

Akinyele

My name is Akinyele, I be rolling like Pirellis
Knocking niggas out the box like skullies, taking hoes directly to the telly
Make them scream my name two times like Pelle, Pelle
Then I put her on they belly, play it cool like Fonzerelli
From New York to L.A. will they sell they body to me to escape poverty?
Before I started boning chicks, I used to watch the porno flicks
And every night I fucked that same Yoko Ono chick
Anything to get wet, I guess I was just young, sad and blue
Like the Lissette cassette, the world made me like this
Girls very rare gave me a kiss, pulling my dick out only to piss
Now the tables switched and turned no nigga's straight
Like a perm, bank I earn, no time to learn, one girl
Give me all of them, I'll have a ball with them
And when we do change the numbers, so they don't call again
We probably see them at the mall again or the dance hall again
Fuck it if they with it we could do it all again
You're a true baller when they treat you like a King like Solomon
Fuck them like you quarellin'
Who pussy, who pussy? Now bring the chorus in
He's your ho, you know he's your ho
He rocks three different chicks after every show
He's your ho, you know he's your ho
How do you know? 'Cause I told you so
He's your ho
I don't want to be a ho like no more, more, more
I'm ready to find some girl that I can save my love for, for
Complexion
You'll be dick sucking, clit fucking
My dick stuck in your back, gonna find it back
'Cause we heard that you like it like that
So when your man's finished bring your fucking ass back
'Cause he's your ho
He's your ho, you know he's your ho
He rocks three different chicks after every show
He's your ho, you know he's your ho
How do you know? 'Cause I told you so
He's your ho
Go fuck her, then come fuck me
Well, you're shit out of luck 'cause this bitch ain't free

I had a fat piece of twat and it must get bust
But you're hoing everywhere and you want your dick sucked
And you want to come home, pass diseases to me
Have me scratching my pussy like I'm looking for fleas
But I'm not your ho bitch
And you can't fuck me around, 'cause you're a ho
He's your ho, you know he's your ho
He rocks three different chicks after every show
He's your ho, you know he's your ho
How do you know? 'Cause I told you so
He's your ho
One hoe, one hoe, 'cause all I need is one
One hoe, one hoe, 'cause all we need is one
One hoe, one hoe, listen, 'cause all I need is one
One hoe, one hoe
