This Far Gone

Jennifer Hanson

I've been driving and I've been thinking
For at least a hundred miles
And I'm seeing a lot of things I never saw beforeFor the first time leaving you
Doesn't feel quite so wrong
But then again I've never been this far goneWell, I was running flat on empty
Running scared for quite some time
So afraid of what I might do if I stopped , oh yeahBut I did and I can't believe
I'm back on the highway and not on the phone
But then again I've never been this far goneAll the other times my heart turned me around
But this time I'm not going back
I'm way past that point nowYou know, I never really thought I could make it on my own
But then again I've never been this far gone
Oh, then again I've never been this far gone
Ooh, yeah
