

That Kinda Night

The Wolfe Brothers

It's a roll down your windows
Night Moves on the radio
Kinda Night Kinda Night
It's a you and I here and now
Reckless in a hometown
Kinda Night Kinda Night
Woh Oh...It's all ours baby
Woh Oh...It's our time

Hey
It's a take it easy slow ride
Everything is alright
High on us kinda night
Hey
It's a Chase away the sunrise
Hold onto the moonlight
Kiss you bout' a thousand times
Kinda Night

It's a drive through the desert
Stars go on forever
Kinda Night Kinda Night
It's a beautiful get away
Saying everything we wanna say
Kinda Night Kinda Night
Woh Oh...It's all ours baby
Woh Oh...It's our time

Hey
It's a take it easy slow ride
Everything is alright
High on us kinda night
Hey
It's a Chase away the sunrise
Hold onto the moonlight
Kiss you bout' a thousand times
Kinda Night

It's all ours baby"Yh
It's our time

It's all ours baby
You and I

Hey
It's a take it easy slow ride
Everything is alright
High on us kinda night
Hey
It's a Chase away the sunrise
Hold onto the moonlight
Kiss you bout' a thousand times
Kinda Night
