

# Yours To Keep

## The Royal Highness

to see you sight unseen is worse  
then pick you up because you're first  
and go where the whistle blows  
and go where the captain knows  
is just a lieto train the bear to not get up  
slay the beast and win the cup  
and stay with the sweet flesh prize  
a necklace of 50 eyes  
is yours to keep
