

# Handful

Kelis

Hey you ain't ready for me  
Ain't ready for me, oh no, oh noHey you ain't ready for me  
Ain't ready for me, oh no, oh noI'm known around the block  
To keep my weight up like the big guys  
Know how to throw my weight like the big guys  
I know I want too much, I got big eyes  
So I seek how to get it with these big eyesCatch me flossin' with my working pumps on  
Work em dress, work em lipstick on  
Your spoon ain't ready for this honeycomb  
If you a handful sing alongBa, ba, ba  
I'm a handful  
Ba, ba, baHear me beating down the block in my grey Porsche Cayenne  
Gotta be hot red like Cayenne  
See them dudes hittin' switches in them low lows  
I know how to hit them switches in them low lowsYou might see me with a 3 piece on  
Pin stripe, holla fitted cap on  
You ain't ready for this honeycomb  
If you a handful sing alongNa na, na boo boo  
Is it overwhelming?  
Can't stand the drama  
Just can't help itNa na, na boo boo  
If you having problems  
This how you solve em  
Tell em you a handful(Ba, ba, ba)  
Hey you ain't ready for me  
Ain't ready for me, oh no  
I'm a handful(Ba, ba, ba)  
Hey you ain't ready for me  
Ain't ready for me, oh no, oh noNa na, na boo boo  
Is it overwhelming?  
Can't stand the drama  
Just can't help itNa na, na boo boo  
If you having problems  
This how you solve em  
Tell em' you a handfulBa, ba, ba  
I'm a handful  
Ba, ba, ba(Ba, ba, ba)  
Hey you ain't ready for me  
Ain't ready for me, oh no

I'm a handful(Ba, ba, ba)  
Hey you ain't ready for me  
Ain't ready for me, oh no, oh no
