Sade

Timco

[Intro: Diddy Talking]
See, sometimes,
I just like to get with my chick and check into a hotel,
For like two or three days,
Where we just don't even leave the room, ya dig?
And I throw on that Sade,
It's something about that Sade, ya dig?
And you smoking something, drinking something, you know?
Get on yo adult shit,
High as a muthafucka,
Touch the sky in this muthafucka
See baby, I just wanna chill with you,
And listen to this Sade,
And make love to you for three days straight...

[Verse 1 - Kaleena]
You got me burning like fire,
Hotter than a desire,
I just wanna get high,
Kick it all day,
Listening to Sade,
Baby, bring it right here,
Don't lie,
You be tripping like I,
Lovers playing so high,
It's hurting my head,
Vibrating my bed,
Tingling in my leg,
Yeah

[Chorus]
I don't know what to do
My heart burns cold without you,
I don't know what to do
Your love's got me so confused

[Verse 2 - Dawn]
You got me dripping like ice,
In the mid of July,

What was that that you say?
Wanna kiss it all day?
Listening to Sade,
Baby, bring it right here,
All right,
You been loving my sound,
Turn it up, it's so loud
That it's hurting my head,
I ain't getting no rest,
Boy, I love it, so fresh

[Chorus]

[Verse 3 - Diddy]
You got me burning like fire,
Hotter than a desire,
I just wanna get high,
Kick it all day,
Listening to Sade,
Baby, bring it right here,
Don't lie,
You be tripping like I,
Lovers playing so high,
You be hurting my head,
Vibrating my bed,
Tingling in my leg

[Bridge]
I won't let you go,
You're my prisoner,
Even if you return,
I'll be gone when you get home

[Repeat Bridge]

[Diddy Talking: Outro]
You see,
This Dirty Money shit, it ain't for everybody
It's a muthafuckin vibe,
It's for muthafuckas that's patient,
It's for muthafuckas that like to take they time,
Close they eyes, and dream.
You my dream come true, baby
I love you...
But I really hate you.
