You Never Stop

Lincoln Brewster

You never stop
You, You never stop reaching
To the place I am
On and on
You, You keep on reminding me
I'm in Your handsSo write it down
Right on my heart so
I won't forget it
I won't forget itNo matter what
Your love it won't fail me
No matter what
Your love is unchanging
Your love, Your love
Your love is unending
No matter what
You never stop, never stopYou meet me here
You meet me before
I even call Your name
I feel You near
I feel You surround me
And I'm not afraidSo write it down
Right on my heart so
I won't forget it
I won't forget itNo matter what
Your love it won't fail me
No matter what
Your love is unchanging
Your love, Your love
Your love is unending
No matter what
You never stop, never stopEven when the darkness
Feels like the hardest place
It can't take Your love away
Even when the silence
Seems like You're far away
It can't take Your love away
[x2]No matter what
Your love it won't fail me
No matter what

Your love is unchanging
Your love, Your love
Your love is unending
No matter what
You never stop, never stopNo matter what
Your love it won't fail me
No matter what
Your love is unchanging
No matter what
Your love is unending
No matter what
You never stop, never stopYou never stop, never stop
