

Sunday's Well

The Jude's

Everythings alright
As far as I can tell
Saturdays alright but Sundays wellEverythings alright
As far as I can tell
Saturdays alright but Sundays wellKimberly was lost
Tossed until the swell took her to shore
Rory found her stoned
Frigid and alone
He offered Barry's GoldAnd he saidEverythings alright
As far as I can tell
Saturdays alright but Sundays wellEverythings alright
As far as I can tell
Saturdays alright but Sundays wellHands upon the hull
Worked until the sun awoke once more
Took her out to be
Alone again and free
Cast her out to seaAnd she saidEverythings alright
As far as I can tell
Saturdays alright but Sundays wellEverythings alright
As far as I can tell
Saturdays alright but Sundays well
