Flippin' boom song, all up in twaga

Two techs, swiss sets

Big S come and hit that, bend that

DJ gonna spin that track

Bring it back

Attack the beat from the back

All FUCKIN' fly boys gettin all next to me

All the fly girls gettin mutherFUCKIN ecstasy

Which mutherfucker is sexin' me?

All the yet from the front to back

DJ Stratch, nice and quick

So use these fingers, so finger it

Can you handle it?

I can match this shit

With this fast gat cheque

Like fast from my click

DJ rock the decks, spin Sex Boyz

Get erect, uh, it's how we get it yet  
Out the bass, studio on the tech's  
Get on net tech bet till my pussy get's wet

Don't forget when the fear is on  
Long one, until I get what's goin on  
Oh, and the DJ takes me higher, uh

[Hook]

[Verse Two: Princess Superstar]

I'm Princess Superstar  
Get the party started right  
Hip-Hop all in line tonight  
When the radio blasts tight

And car lights like  
"Last Night A DJ Saved My Life"  
Got him in hand and I rippin him right  
Music my lover, my husband, alright

Spot runnin hot like a oven aiight?! (aiight!)  
Spinnin these damn tracks you lovin all night  
DJ Stratch the beat back  
Bring the seat back

Put the heat back  
Track repeat that, eat the meat rat  
Baby, dawg, work it out, nice to meet that  
Pump up the bass, one-fo-twee-don

Sit up the seat like we sit up on your face  
We ain't stoppin the place  
The beat's is poppin  
Rubbin' on the vibrator

Don't stop it!  
Baby you rock it  
Put your hands in my pocket  
No pockets, will just rock it

When you be up in my lock it  
The roof, the roof  
The roof is on fire  
And we don't need no water

I'm a 'bout to fuckin' cum

[Hook: x 2]

[Verse Three: Princess Superstar]

High in the crowd

Side in my sounds

Rise recognize your face in my thongs

Feel sounds, realise all these guys get down

Double-O, all this track pumpin now

So please, you can't just go and say no no man

Your tile tame, your sweaty lil' game, you act like

Act like Prince hittin a track like "Purple Rain"

The roof, the roof, the roof is on fire \*sexual noise\*

The roof, the roof, the roof is on fire \*sexual noise\*

The roof, the roof, the roof is on fire \*sexual noise\*

And we don't need no water, daddy

No, we don't need no water

[Hook: x 2]
