## Stewen Wilson

Rain, come down, and fall forever  
Drain, the dirt, into the wasteland  
Pray, for sound, to quiet the howling  
Feel, no shame, too brave  
Feel, afraid, to wait forever  
Kneel, to fade, the day's corrosion  
Crawl, depart, towards perdition  
Gray, the part, the bruise within you  
Feel, no shame, too brave  
Feel, afraid, to wait forever  
Forever  
Feel, no shame, too brave  
Feel, afraid, to wait forever
