

# Funky Beat

## Melbourne Kidz

Check, uh, uh  
Check, check, y'all  
Yo, Whitey Ford's the name the Hunchback of Notre Dame  
Couldn't get more bent when it's time to represent  
I control it like rent in a slum tenement  
Life's hard like some men in the concrete jungle  
I don't smoke jumbo so whatcha knockin' for  
There's locks on my door we rock from the floor  
To the ceilin' ain't no drug dealin'  
Ain't no gat peelin' you can't fight this feelin'  
Well, my style's golden hot like molten rock  
Niggers come bold but leave here holdin' jock  
High roll patrol roll through the set on fifth  
Arm's solo sippin' momo with a chick  
Niggers take the penitentiary chances at the dances  
Lettin' off shots lit off the lanterns  
Mad 'cause a nigga can't test with no access  
To phatness like this  
From one story the cowboy was founded  
I'm surrounded by Casual and Whitey Ford  
The whole world and your girl from the Bay to L.A.  
To my blue end while I ain't tryin' to die  
I'm tryin' to live while I cool out  
And pick up my daughter when the bell says the school out  
Who the hell brought tools in this peaceful event  
Now I can love you, front you or we could hunt you  
You played too close take a hit of this dose  
A yes, yes, y'all  
A freak, freak, yo  
So fresh y'all  
To the beat y'all  
A yes, yes, y'all  
We don't stop dog  
We keep it rockin' till the panties drop, yo  
Uh, uh, ha, I see the rappers bein' ruined  
By you and whoever is doin' that crap, they got me booin'  
In fact, I'm gettin' to 'em may an electrical poetical surge  
Give me the urge to consume, the tomb and submerge  
The depths of adverbs

Keep it sick analytical, you pitiful trick  
I'm the pinnacle and the prodigal  
Rhyme style's, hip nautical fuck the artical  
The artist is hardest to harvest the hard shit  
I slave till all my work is done I'm cashin' in  
Stack up my money for a grand set  
I like them all house parties rockin'  
Plus, I'm up in your cozy  
Bitch turn your head and keep your eyes  
Where they supposed to be  
Supposedly I was seen with something lean, uh  
Brown skin, I keep it bouncin', I say loungin'  
On the side with red wine, I know that shit on my floor ain't swine  
Now back it up, stack it up and hit me one more time  
It might be your phone call but check it, it's my dime  
And I know she's fine but get off my line  
Or I'll break that spine and then maybe your face  
You all up in my space like with Puffy and Mase  
But that's just not the case 'cause I'm settin' the pace  
While you followin' and swallowin' savorin' the flavor  
In your audio for now quick suckin' my style  
Rock on, to the break of dawn  
Just freak it, ah yeah, baby  
Rock on, to the break of dawn  
Just freak it, ah yeah, baby  
'Cause it's the funky beat  
'Cause it's the funky beat  
'Cause it's the funk, the funk  
The funk, funky beat  
'Cause it's the funky beat  
'Cause it's the funky beat  
'Cause it's the funk, the funk  
The funk, funky beat  
I'll leave a piece of my style flyin' high up in the air  
And you'll say to yourself damn I'm glad I was there  
This is as rare as me frickin' share you people stare  
But behind closed doors you will take it there  
Yeah, I be the extraordinary judge from Bay fare  
To Albee Square, tell me where the party at?  
I'll be there let her hit the convey at  
Show her where to rock the pony at  
I be the man with the large amounts of sapphire fare  
I'm about to cut loose my dog so you all best beware  
You can dance with flare and get out of your chair  
We be smarter than your average boo, boo, bear

Rock on, to the break of dawn  
Just freak it, ah yeah, baby  
Rock on, to the break of dawn  
Just freak it, ah yeah, baby  
'Cause it's the funky beat  
'Cause it's the funky beat  
'Cause it's the funk, the funk  
The funk, funky beat  
'Cause it's the funky beat  
'Cause it's the funky beat  
'Cause it's the funk, the funk  
The funk, funky beat  
'Cause it's the funky beat  
'Cause it's the funky beat  
'Cause it's the funk, the funk  
The funk, funky beat  
'Cause it's the funky beat  
'Cause it's the funky beat  
'Cause it's the funk, the funk  
The funk, funky beat
