Advisory - the following lyrics contain explicit language:

I used to be in lust, I wouldnt call it love
Or give my heart away, thats somethin that I never does
See Ima leave it to the scrubs and the cake boss
Let that broad go, uncuff her, take your cape off
When she with me, she feel free, like her days off
Balls in her hand, but that bitch dont ever say cough
'Less we playin doctor
With no stethoscope, just heels and those knockers yeah
Im mister wrong but she sure know not to
Get fly at the mouth, or step outta pocket
Never violence, I give em silence
Then I'll rub this stick on your chick like a violin
Les franaises ont peint le portrait de celui qu'on appelle
Au tats-Unis, le mec au portefeuille remplis
Et nous rclamons qu'il soit mis sa place, au Louvre
It's all you want these days cause you feel nothing inside
You know there's nothing wrong, but you've been wondering why
Im Daddy Fat Saxxx, S-A triple X
My music sounds so good its almost like were having sex
Whether you like it or not Im next
And I got the time after that, and the time after that
Because see time and time again I gotta turn back around and tell em
My cerebellum, get way more deeper than these other fellas
Not only about cheddar
But what about the seasons never change and the weather stays the same
We could come together but that might be lame, could learn something
Peep game, nah nigga burn somethin
(Nah nigga burn somethin)
(Nah nigga burn somethin)
It's all you want these days cause you feel nothing inside
You know there's nothing wrong, but you've been wondering why
I ask for a slice of her pie
Sweet potato with the cool whip, oh my
She gave me a hug and on her thigh she felt my buddy
From touching Im excited
Am I invited
Let let me in

You puddled up
Gon me swimIts all you want these days, cause you feel nothing inside
You know theres nothing wrong, but youve been wondering why
I read the horoscope, and its been telling me lies
I thought I knew you but your heart is almost blind
I thought I knew you but your heart is blind
I thought I knew you but your heart is almost blind
I thought I knew you but your heart is blind
