

Taste the Poison

Napalm Death

Abstinence works for me, not for them
Intolerance, far worse things? This makes no sense
 Get high on me and mine
 Take the poison
 Raise a voice? The art of making noise
 Attacking stance? Fist in face for personal
 choice
 So witless? self, self, self.
 Take the poison
 Two polluting lifestyle doctrines in defense
 Re-assess the threats to well-being
 Re-direct
 And clear your heads
 Dialogue (is a) powerful drug?
 (not) verbal poison
 Abstinence works for me, not for them.
 Intolerance, far worse things? this makes no sense
 Take the poison
