

Bodies In Flight

Biffy Clyro

You're free to choose
What we want you
Feel free to do
What we want to You're free to choose
What we want you
Feel free to do
What we want to When we collide
The air will rise
It's all that you will need it for
Before you go When the day wears you
Create simple lies
When the day wears you
Be simple lies Sleep well my dear
Sleep well my dear
Bodies in flight
Bodies in flight
Bodies in flight
Bodies in You're free to choose
What we want you
Feel free to do
What we want to You're free to choose
What we want you
Feel free to do
What we want to Slip in to your dreams
The air will crash
Hovering in a perfect sphere
We'll watch you go When the day wears you
Create simple lies
When the day wears you
Great simple lies Sleep well my dear
Sleep well my dear
Bodies in flight
Little or no movement When you say, "Love"
I know that you mean hateful
Boulders of spite ridden love decay
A mansion in an easy disguise of simple lies
Boulders of spite ridden love decay Bodies in flight
Bodies in flight
Bodies in flight

Bodies in flight
