Chaostar

Septic Flesh

You opened the portal of my secret favourite constellation.
Rest calm I will not trick you. I will treat you, like a demon in
a bottle.Relax.
ChaostarThe reason I answered you is that I am looking for a reflection.
My mind is your crown now; there are things I want to share with you.Relax.
ChaostarYou opened your shelf, releasing an ethereal butterfly.
Your empty cocoon is trembling as you are wearing the night wings.Relax.
ChaostarEcstatic from the nebular wonder that is hidden in the garden of the night.
United we form the snake that is hanging on the tree of life.The Chaostar
