

# No Better Place

Tessah Dunn

I look up to the stars and I see  
What you are saying to me  
I've never been so close to eternity  
I look up to the moon and back  
It's your love that has kept me on track  
And there's no other love in these \_\_\_ that could keep me alive

There's no greener grass than where I'm standing  
No better place than where I am  
And I know what I'm sayin'  
And I know it's the truth  
That there's no better place in this world  
Than when I'm with you

I look up to the sky and you smile  
You breathe and the clouds swim for miles  
And this grass is so soft I could stay here and lay here  
I look up to the clouds and it rains, oh  
Still I see your face

And there's no other eyes that could make me look away  
There's no greener grass than where I'm standing  
No better place than where I am  
And I know what I'm sayin'  
And I know it's the truth  
That there's no better place in this world  
When I'm with you

(Bridge)  
Stop the time  
I can't leave this way  
Please don't take one more step  
Oh, please, don't go away  
Hear me know  
I'm gonna scream as loud as I can

Cuz I love you and I need you  
I love you and I need you  
And I need you to understand  
There's no greener grass than where I'm standing

No better place than where I am  
And I know what I'm sayin'  
And I know it's the truth  
That there's no better place in this world  
When I'm with you
