Joy Division

Forced by the pressure
The territories marked
No longer the pleasure
Oh, I've since lost the heartCorrupted from memory
No longer the power
It's creeping up slowly
The last fatal hourOh, I don't know what made me
What gave me the right
To mess with your values
And change wrong to rightPlease keep your distance
The trail leads to here
There's blood on your fingers
Brought on by fearI campaigned for nothing
I worked hard for this
I tried to get to you
You treat me like thisIt's just second nature
It's what we've been shown
We're living by your rules
That's all that we knowI tried to get to you
I tried to get to you
I tried to get to you
Oh I tried to get to you
