

Everyday

Vetiver

Everyday I'm away from your shades
Me, up inside, I wanna be near ya
Know that you're here lying just next to me
How happy we both be I say it all time, you'd pay no mind
Need not I tell ya that I love ya [Incomprehensible]
I wanna be clear, all I wanna hear
Is your voice, have your face [Incomprehensible]
How happy that would make me I always see to make somethin' out of nothin'
But I can't make you appear while I'm away
Just know I play this song for you and me Wait for me now, wait for me now
Oh, wait for me now
Wait for me now
Wait for me now
Wait for me now
