

# Living Water

## Blue Moon Rising

lead in (last two lines of verse)

I drank from the Living Water  
His Spirit now in me dwells  
with one drink the Saviour gave me  
victory over death and hell

I was an empty vessel  
now the water is flowing in me  
one drink of the Living Water  
will last thru eternity

### CHORUS

I drank from the Living Water  
that washes away every sin  
He gave me the Living Water  
now I'll never thirst again

lead - like a verse

i'd been wandering thru dry places  
exhausted and on the brink  
my soul was weary and thirsty  
when He reached down and gave me a drink

I was a lowly sinner  
and a poor sinner still am I  
but i drank from the Living Water  
and now i will never die

### CHORUS

I drank from the Living Water  
that washes away every sin  
He gave me the Living Water  
now I'll never thirst again

### CHORUS

I drank from the Living Water  
that washes away every sin  
He gave me the Living Water

now I'll never thirst again

lead out like the last two lines of chorus
